Your Realtor can save you time and money

Buying a home can be an exciting adventure for the entire family—or it can be a time-consuming chore. Even if you had the time, it could take you weeks to visit all the new homes in and around this area. And you could never hope to visit all the fine used homes which are available.

So why not choose the general area in which you'd like to live—then contact one or more of the real estate offices in the area. Chances are that one of them knows about just the home you're looking for.

And when you buy-be sure the title to your property is insured by a title insurance policy from Chicago Title and Trust Company.

Miss Coulse Kr verfront Highway And County Zoning
Quad-Cityans interested in two vital improvements—construction of the riverfront roadway and
adoption of county zoning—will have an opportunity tomorrow to attend hearings on both subjects. We urge active support of both proposals.

A hearing at 10 a.m. Friday in the Granite
City high school auditorium will conclude preliminary steps toward right-of-way acquisition and actual installation. Federal Auf Roate, 121 along
will ease traffic congestion here and also will provide an important new highway link with the Port
of Granite City and adjacent industrial sites.

At 3 p.m. tomorrow in the council room of
the city hall in Granite City, the public will be
able to comment on zoning rules and zoning district boundaries suggested for unincorporated areas
of Madison county.

Zoning is a "must" for protection of property
values, orderly growth and encouragement of a
stronger conomy for the Quad-Cities and the entire Illinois Metropolitan Area. Added urgency
stems from the current delay in construction of the
new \$25,000,000 state university in the bluff area
ten the logian.
Tomorrow will afford ideal opportunities to

New Problem--Auto Safety Belts Which Are Not Used

Just an installation of auto seat belts is beginning to catch on, a new safety problem has developed. About a third who have them use them all the time, but another third attach them only for long trips. And the other owners seldom use the belts. Because of the slight nuisance involved in buckling and unbuckling them, there is a tendency to avoid using safety belts on short local trips. Yet, two out of three fatal accidents occur within 25 miles of the driver's residence.

Extensive tests indicate that seat belts reduced.

Dentinuing Sewage Menace

It is somewhat ironic that Illinois Community Health Week has been scheduled for October, the same month in which Granite City voters ignored an opportunity to solve their serious sewage and storm water problems.

The week of Oct. 21-27 has been proclaimed by Gov. Kerner as a time to encourage community planning for health needs. While praising the present level of health protection in many communities, he cautions that foreight and action are essential to "assure the same protection to future generations."

Comprehensive Winter Recreation Program Beginning Another Year

This week marks the start in Granite City of winter season recreational activities which are becoming noted for their wide scope and large participation.

With centers located throughout the park district, many of them at local schools, the supervised program includes roller skating, square dancing, bowling, wrestling and basketball. Combined with extensive outdoor events in the summer, hase provider seducational and enjoyable learner-time pursuits for thousands of local youngsters.
